

# ARROW ONE ANGUS

14th Annual  
Bull & Heifer Sale  
Feb. 27, 2017

Lincoln Co. Fairgrounds | North Platte, NE | 1:00 PM

# WELCOME TO THE ARROW ONE ANGUS BULL AND HEIFER SALE

Dear Angus Friends, Family and Customers,

Welcome to our 14th annual bull and heifer sale, located at the Lincoln County Fairgrounds in North Platte, Nebraska.  
Sale Date: Monday, February 27, 2017 at 1 :00 p.m.

Wayne and I would like say Thank You for your support we do not take for granted the importance of our customers and the people who attend our sale. Wayne and I continue to stay focused on our main objective of supplying high quality, high performance Angus genetics for our family, friends and customers. Our criteria in our cow herd is easy fleshing, growth, soundness, reproduction, eye appeal, milking ability, calving ease, efficiency and a Good disposition. At Arrow One Angus we feel the dam is a very important part, as you can see we have several Pathfinder Cows that have excelled in our program. You will see several dams through out the catalog with Rancher 65 influence. We feel our success is due to you our customers in supporting our program and for us in standing behind the cattle that we sell. The bottom line is profit for us all.

The feed program we have the Bulls and Heifers on is prairie hay, millet, distillers, and a ground ear corn ration. The cattle are on a complete vaccination program. The bulls have been semen checked and tested BVD negative by Stockman Vet Clinic. Please note: Our young bulls are not adjusted for a 365 day gain--- imf and rib, they need to be one year of age for this information.

As you will see in the catalog we have some new sires:

Quarker Hill Firestorm, EF Commando, Connealy Counselor, Connealy Guinness and Tour OF Duty.

As always, you have a personal invitation to our ranch at your convenience to evaluate our cattle-bulls, heifers, cows, and calves. The coffee is on and we would love to show you our Angus Cattle.

Sincerely,

Wayne and Dona Rundback

**Bulls and Heifers are non creep fed.**

**ALL BULLS WILL BE FERTILITY TESTED AND  
WILL SELL AS GUARANTEED BREEDERS.**

TERMS AND CONDITIONS: These cattle sell under the Suggested Terms and Conditions of the American Angus Association dated June 12, 1988. These terms are available at anytime upon request.

**FREE Wintering until April 1, 2017  
FREE Delivery within 150 mile radius**

**\$100 Refund for taking bulls home on Sale Day  
Retaining 1/3 interest on all bulls.**

**SCROTAL & PELVIS DATA WILL BE ON AN  
ADDITIONAL SHEET SALE DAY**

---

---

### **LIABILITIES:**

All persons attending our annual 2016 Bull and Heifer Sale: Do so at their own risk. Arrow One Angus and the Lincoln County Fairgrounds assume no liability, legal, or otherwise, for any accidents which may occur.

### **GUARANTEE:**

All bulls selling for \$2000.00 or more are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90 day period following the first turnout of the bulls. If a replacement bull is available, he will be provided. Or if the buyer prefers, credit toward one bull will be given in the following year's sale minus salvage value of the injured bull. Please notify us as soon as possible should injury occur and preferable before September 1st, 2017.

## THE ANGUS PATHFINDER PROGRAM

The Angus Pathfinder program was started in 1978 in an effort to identify superior cows in the breed based on Angus Herd Improvement Records (AHIR). In identifying these superior cows, emphasis was placed on early puberty, breeding and early calving, followed by regularity of calving and above-average performance of the offspring.

While outstanding cows can be identified after their first or second calves, the Pathfinder program requires a minimum of three calves from a cow to determine her regularity of calving and ability to produce superior calves for weaning weight year after year.

To qualify for the report, a cow must have produced a calf measured through AHIR in the past 18 months. Weaning weights are examined in order to determine Pathfinder status. A second criteria, the Pathfinder Cow must maintain a regular calving interval. The maximum calving interval is:

$$365 \text{ days} + \left[ \frac{30 \text{ days}}{\text{Number of calving intervals}} \right]$$

Next, to qualify initially, her first three calves must post a minimum average progeny weaning weight ratio of 105. Should she fail to do this on her first three calves, she can qualify later by achieving an average progeny weaning weight ratio of 105, provided she meets the other requirements. Additionally, her calves must be sired by registered-Angus bulls. To continue to qualify each consecutive year, the cow must produce regularly and wean a calf that helps maintain the average weaning ratio of 105 or above. It is pointed out that once a cow is designated a Pathfinder, she is always a Pathfinder, even though she might not qualify for listing each year.
